## THE WORK IS EXTENSIV

Contractors Claim That They W Not be Able to Touch Pearl Harbor Bar.

Within the next five weeks Nav slips Nos. 1 and 2, which have been dredged out by the California Cor struction Company, will be ready be turned over to the United State government. A. McNally, vice pres dent of the company, arrived on th Sonoma to take charge of the cleaning up operations preparatory to offerin the work to the government. The b dredger is now engaged in scooping t the debris in the slips, and the wor will be entirely completed within 't time specified.

The work was begun November 1898, and has continued with but fe intervals of rest up to the present da The contract was let in August of the year. Mr. McNally has been in Honor lulu many times looking after the terests of the company.

"People here probably have lit idea of the magnitude of this work said Mr. McNany. "We have not on excavated a large portion of Honolu narbor and given the port much nee ed additional wharfage room, but have filled up a number of swampy places as well, all of which is included in the Navy reservation. The coral excavated from the harbor has been railroaded to the reservation and filled in from four to twelve feet deep. We have also filled up much of the Beach road. In ali, 100,000 cubic yards of coral was ex-

"Slip No. 1 is 450 x 140 feet, with an average depth of thirty reet below low Three thousand five hundred and twentide. Slip No. 2 has about the same ty-nine Ewa, \$27.25 to \$28.75; 10 Hawaiidimensions. The character of the ma- an Agricultural, \$310; 470 Hawaiian Sugar, terial was corai, something we had \$40; 105 Kahuku, \$24.25 to \$25; 104 Kinei, never before tackled. It took the Ha- assessable, \$12 to \$13.75; 247 Kihel, paid wailan government dredger twenty- up, \$16 to \$17.50; 650 McBryde, assessable, four months to take out 29,000 cubic \$8 to \$9.75; 150 McBryde, paid up, \$13.50 to yards, so we think we have done fairly \$14; 159 Oahu, \$152 to \$161.50; 935 Ookala,

ther, we have so many contracts on Navigation Co., \$115; 7,000 Hawaiian Gov-hand that we do not care to take oth-ernment 6 per cent bonds, \$99 to \$100; 4,-Honolulu will probably be disposed of bonds, \$101.50. nere.

"The contract for building the San Pedro breakwater involves \$2,375,000. It is to be 8,500 feet long, 200 feet wide at the bottom, with an average height from bottom to top of 70 feet, and 14 feet wide at the top. We have already built out about 1,000 feet, and masters of sailing vessels say they appreciate a vast improvement in the roadstead. The smallest stone on the outside of the breakwater must not be less than eight tons in weight, and on the bay side, four tons.

"The contract must be completed within five years. We are now dumpabout one hour earlier than at Honolulu. ing 30,000 tons of stone there per month, and will soon dump 40,000. We minutes slower than Greenwich time, behave our own quarries from which we procure our sandstone and granite. The greatest blasting shot ever made p. m., which is the same as Greenwich, o in California for quarry rock, was BY YOUNG man; board and room in made at one of the quarries a week before I left for Honolulu, when 163,000 tons of fine stone were dislodged, 50 per cent of which is ready for use, while practically little work will have

to be done on the remainder. "That shot cost \$5,500. We ran two 75-foot tunnels into a bluff 100 feet high. The whole affair was done under my supervision, and was perfected without any damage to the surround- LADY wants a place as cashier or asing country. I stood half a mile away and watched it. There was a slight rumbling, and suddenly the whole bluff down into the quarry pit. The jar was not even felt in nearby farm houses,"
